Frontend Developer

As a passionate frontend developer, I excel at coding, troubleshooting and implementing new features that make applications come to life. My focus is on creating dynamic forms, conditional rendering and styling. My ability to detect and fix bugs in an agile manner allows me to keep applications running smoothly, while my enthusiasm for learning and exploring new technologies drives me to constantly expand my skills and knowledge.

Professional Experience

Dardeus, México, Monterrey (Remote)

Frontend Developer

01-2023/Current

- ❖ I significantly improved the styles of the application by eliminating redundant styles and simplifying the CSS code.
- ❖ I rebuilt the necessary styles using CSS effectively, resulting in a more coherent and attractive interface.
- ❖ I eliminated complex logics that had been recreated with JavaScript, opting for more elegant and efficient solutions, which improved application performance and code maintainability.
- ❖ I used my knowledge and experience to assist colleagues in completing specific tasks, providing effective solutions and fostering team growth.

Skills

- ❖ HTML - CSS - JavaScript - TypeScript.
- ❖ React.js - NextJS.
- ❖ TailwindCSS - Styled Components.
- ❖ Prime React - Ant Design.
- ❖ Context API - Redux - Zustand.
- ❖ React Testing Library
- ❖ Scrum - Jira

Education

Ingeniería Mecánica, (2017 - 2024)

Universidad del Zulia, Venezuela

Language

Spanish: Native.

English: B2
